Sharjeel Yunus

Software Engineer | Former Google DSC Lead | React - Next.js Developer | JavaScript Enthusiast | Imaginator
Bahawalpur, Punjab, Pakistan

Summary

I'm a Software Engineer with a passion for building dynamic and scalable applications. My experience spans front-end and back-end development, where I excel at solving complex problems and delivering innovative solutions to meet business needs. With 3+ years of experience, I've worked on a range of projects, from small-scale prototypes to enterprise-level systems, and I have a track record of delivering high-quality, maintainable code. I'm also enthusiastic about sharing my knowledge and experience through mentoring and contributing to a vibrant tech community.

Experience

Ensemble Technologies

11 months

Senior Software Engineer

November 2023 - Present (2 months)

Application Software Developer

February 2023 - November 2023 (10 months)

Revolutionizing the app development process with our low-code platform empowers that web developers like myself to build and update cross-platform mobile applications directly within the browser.

Utilizing the Ensemble low-code platform to develop feature-rich mobile applications.

Collaborating with cross-functional teams to gather requirements and align development efforts.

Writing clean, efficient, and scalable code to ensure optimal performance.

Implementing and maintaining integrations with external systems and services.
